# prodigy

**The PRODIGY cable basket offers a unique combination of features: speed of installation, strength, versatility, aesthetics and a configurability unlike anything that has been seen before within a cable management system.**

The PRODIGY has been designed to allow the Elsafe Qikfit Power, Data and AV components to simply 'click' directly into the face or back of the basket without the need for separate brackets, clips or parts. It is also possible to stack the single tier baskets to create a sturdy multi-tier solution within a matter of seconds. These features combined with the built-in mounting brackets make the 'PRODIGY' the basket to use if speed of installation is paramount.

The PRODIGY is simply the smartest basket on the market: 'less is so much more'.

![elsafe always innovating logo]
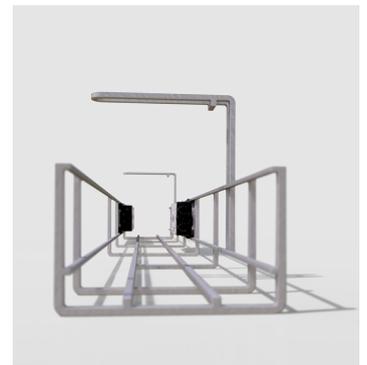

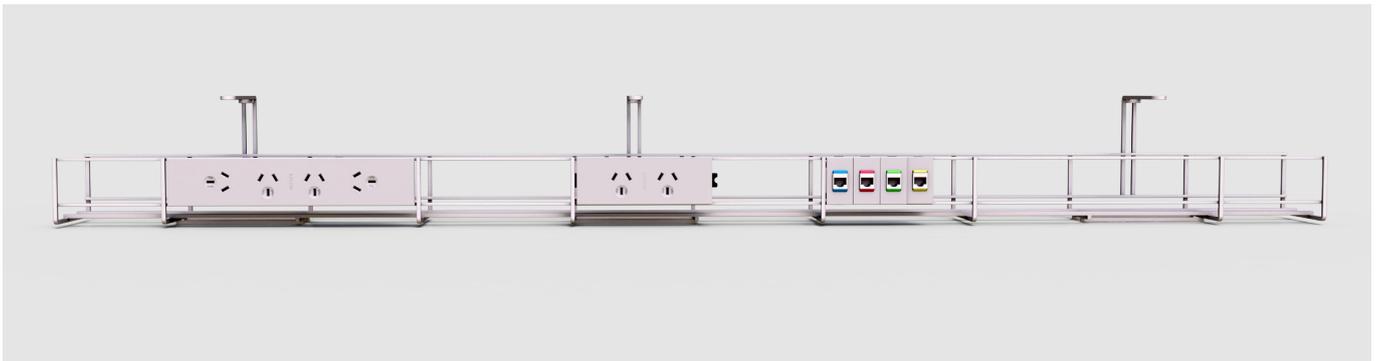

## WIDE VARIETY OF LENGTHS & CONFIGURATIONS:

**Single tier available in three lengths:**
- 750mm
- 950mm
- 1250mm

Two single baskets can be stacked for a two-tier solution

**Stackable:**
Single tier baskets are stackable to create a sturdy double tier system without the use of external brackets within a matter of seconds

**Back to back solution:**
Single tier baskets can be used 'back to back', allowing all the benefits of a double tier basket within minimum height requirements – ideal for 'sit to stand' desks

## SPEED OF INSTALLATION
- Designed to allow the Elsafe 'Qikfit' range of Power, Data and AV products to simply 'click' directly into the face of the wire basket without the need for extra clips, panels or adaptors
- All interconnecting leads and data leads are terminated within the basket itself, saving time on installation
- In-built extended mounting arm for easy screw mounting

Two single baskets as back to back solution

## VERSATILITY
- The simple 'click in/click out' installation allows for fast and easy reconfigurations or changes that may be required on site

## FLEXIBILITY & STRENGTH
- Engineered with a combination of 3mm square wire to allow the flexibility required for Power, Data and AV installation, and 4mm square wire that gives the PRODIGY its unparalleled sturdiness when installed

In-built extended mounting arm

## COST EFFECTIVE
- In-built mounting arm & snap-in functionality = no additional brackets, clips or panels required for installation

## COMPATIBLE
- Compatible with the Pathfinder Umbilical Mounting Bracket for a complete sleek cable management solution
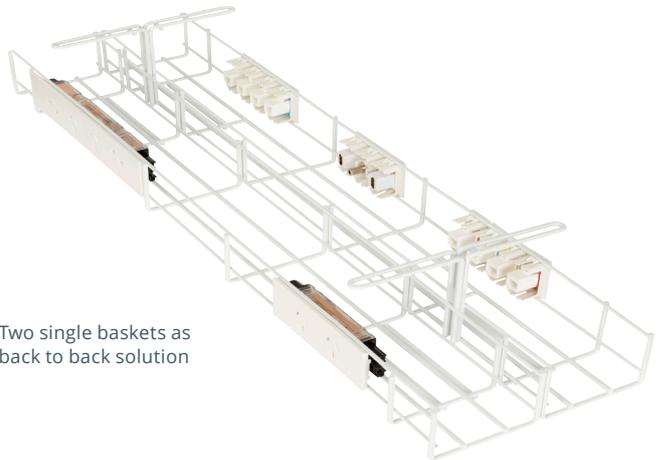

## COLOURS
- Available in: white & black
